CABINETS BY
Decorá

Visualizing a space and conjuring up a style are two very different skill sets. To help trigger your imagination and simplify the process, we created a basic floor plan in which a variety of on-trend architectural elements and fixtures are placed in the exact same arrangement. Picture yourself standing in each of five distinct design motifs. You'll find looks that range from minimalist and fun to ones that evoke Old Hollywood glamour. The very best part? Decorá allows diversity of design, no matter what your style!
