WINDOWS AND PATIO DOORS

5 EXTERIOR COLLECTIONS!

Every Lincoln window is created to conquer the elements, promote design creativity and enhance your building project; all while incorporating an architecturally appealing aesthetic.

We utilize high quality materials, state-of-the-art manufacturing processes and a continuous quality improvement program as keys to our success.

Lincoln's five exterior choices offer designers a very distinctive product offering - the perfect window solution!

Distinction Collection

Aluminum Clad: Our most popular and versatile exterior material is available in virtually any color, shape and size. The prominent features of aluminum clad products are dimensional freedom, minimal maintenance and superior strength.

Harmony Collection

Vinyl Clad: As the optimal choice for outstanding thermal performance and greater resistance to harsh coastal environments, this popular exterior is based on our aluminum clad platform. This increasingly popular series utilizes PVC cladding.

Innovation Collection

Hybrid: This unique product incorporates key features from our Aluminum Clad, Vinyl Clad and Primed exteriors. Combine a Primed frame and its array of trim and sill nosings with an Aluminum Clad or Vinyl Clad sash for a low-maintenance, durable window with historical charm.

Traditions Collection

Primed: Built using traditional trim/casing dimensions and with widely accepted historical design features, Lincoln's primed windows are the conventional choice in markets requiring painted wood exteriors.

Luxury Collection

Natural Wood: Products with all wood exterior are a timeless design ready for your finish and sealer. Our three all-wood exteriors showcase the distinctive warmth and beauty of wood capable of blending in with natural siding materials.
