

BARÌ
CUSTOM CABINETRY

YOUR STYLE, BUILT **LOCALLY**

Our Story

Their tradition of craftsmanship extends back three generations to a small village outside of Bari, Italy where quality Italian workmanship is passed down from generation to generation. With the hearts of craftsmen, brothers Nick, Gerald, and Rob Sollecito began Home Genius, Inc. in 1998 with a vision to showcase (or conceal) the latest available technology in beautiful, handcrafted cabinetry. In 2013, Home Genius became a division of Horner Millwork, allowing us to answer our customers' demands for quality, custom cabinetry, thus, Bari Custom Cabinetry was born.

As one of the largest millwork suppliers in New England, Horner Millwork has earned a reputation for excellence in our custom capabilities. As the demand for custom kitchen, bath, closet and media cabinetry has grown, we are proud to offer Bari Custom Cabinetry built locally in Somerset, MA with optional installation by our experienced craftsmen. All cabinetry is constructed using solid wood and solid wood veneers. Finishes include natural, stained or painted.

EXPRESSING YOURSELF

Kitchens

Custom Kitchens

A great kitchen begins with a great design, and when you choose Bari Custom Cabinetry, the sky's the limit! We will begin the design process by sitting down with you to discuss all your needs and desires. We'll work with you through the process of choosing layout, color, function, and design, and then present you with a computer rendering of the kitchen of your dreams. Once the design is approved, the rest is up to us. Our team of skilled craftsmen will begin building your cabinets in our workshop in Somerset, MA, and then can complete the project through installation in your home. All cabinetry is constructed using solid wood and solid wood veneers. Finishes include natural, stained or painted.

Baths

Custom Bathroom Vanities

Form and function exist in perfect harmony in a Bari custom bathroom. We build beautiful bathroom furniture that can stand up to the rigors of your busy morning routine and still provide a sanctuary for a relaxing soak in the tub after a busy day. Our custom bathrooms are designed and built to meet the unique needs of everyone in your home.

With Bari Custom Cabinets, you also get the electronics expertise of Horner's Home Genius Division

BRINGING THE DRAMA

Media Centers

Custom Theatres and Media Rooms

You love going to the movies, but not the high-priced popcorn or the noisy crowds. Still, you just can't beat the magic of the big screen. Now you can have the best of both worlds: big screen movie magic right in your own home. Bari Custom Cabinetry can duplicate the audio and visual magic just as the studio intended. That means every wide angle, every sound effect. Completely hide your Home Entertainment System or show it off. Bari Custom Cabinetry will add beauty and organization to your home entertainment. Our Home Genius division can design the wiring and speaker system to bring it all to life.

Whole House Audio Systems

Add a Home Genius-designed whole house audio system and enjoy music in every room in your home. Listen to your favorite radio stations, CDs, Pandora, Sirius/XM or iTunes with individual volume control for every room. Come home and plug your iPod into the convenient docking station. You can even control all the components remotely.

WRITING YOUR OWN STORY

Built-ins

Custom Built-ins

Whether your home office is used as space to pay bills, for the kids to do their homework, or as extension of your professional life, we can design and build custom desks and bookcases to meet the needs of every member of your family.

Custom Bars

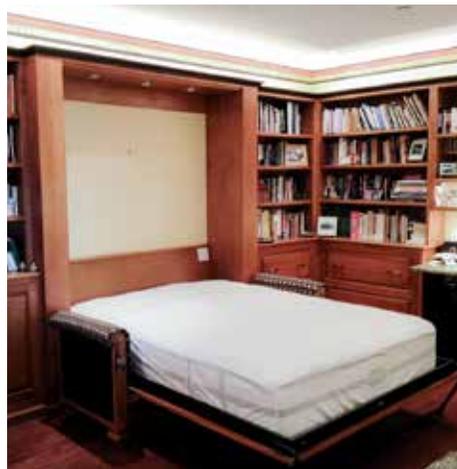

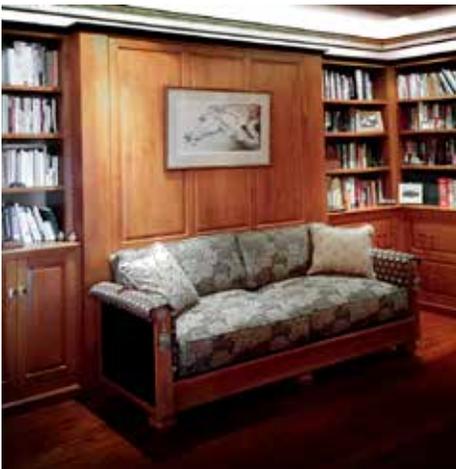

No man cave is complete without a custom hardwood bar. A place to relax and reflect after a hard day's work and to entertain guests on Superbowl Sunday, your custom bar will quickly become your most cherished space in your home. Whether you're looking for a small wet bar or something more elaborate, our team of designers and craftsmen will make sure your new space is a reflection of your unique taste and style.

GETTING THE PERFECT FIT

Closets

Custom Closets

Imagine standing in front of your closet, and actually being able to see all of your clothes. No more searching for that long lost belt. No more hunting for your left shoe. Closet systems don't just double your space, they transform your life. So end the war with your closet. Get the peace of mind from a Bari Custom Closet System.

& PLANNING design

We devote a considerable amount of time planning and designing your home project following this simple four phase process:

► **PHASE 1**

In the first phase a design consultant will meet with you to discuss and determine your specific needs.

► **PHASE 2**

The second phase is the design and estimating phase. This can be as simple as advising you on the right products and options for your needs and budget.

► **PHASE 3**

The third phase is the construction phase. Once the final plan is agreed upon, we build your cabinets locally in Somerset, MA. We can provide installation or you can use your own contractor.

► **PHASE 4**

The final phase is what sets us apart from the rest. That is the service after the sale. We are available to answer all your questions, and provide training on any automation products we may have provided.

Limited Lifetime Warranty

Barì Custom Cabinetry offers a Limited Lifetime Warranty for any manufacturer's defects.

As a local manufacturer, you can be sure of timely replacement and service of any faulty parts.

From our customers. . .

We want you to know how pleased we are with the cabinet/bookcase unit that was built and installed for us. It really enhances the décor of our living room. We especially appreciate your high level of customer service. We feel your primary concern was customer satisfaction. From the original design to quality craftsmanship to professional installation, you did a first class job. ~ Mike and Diane Kennedy

We would like to thank you for the beautiful job you did with our entertainment center and crown molding. The quality and craftsmanship are second to none. We would also like to express our gratitude to your staff. They were very professional and a pleasure to work with. ~ Gary & Cheryl Melillo

Just a quick note to thank you for your guidance, time and expertise in designing our new home. Everything is great and it was a pleasure to work with the both of you. We wish you the best of luck with your future projects. We will pass the word on to those working around homes going in across the street. We will call if we have questions, but after your tutoring, we are doing very well! ~ Jennifer & Bill Gady
